

FUNDRAISING

Our heart is that every student would be able to attend our Mexico Mission Trip, because of this, we have compiled fundrasing opportunities for students to participate in. Students will receive funds for every fundraiser they take part in.

DOUBLEGOOD POPCORN – JANUARY 2027

Doublegood is a popcorn sales fundraiser. Students will set up their shop and receive 50% of sales.

CAR WASHES – MAY/JUNE 2027

A few times this summer we'll be throwing car washes at one of our campuses! This is an awesome way that we see the community show up to support. We've seen people show up that are so excited about a bunch of Jesus loving teens who want to serve in a different country. This is such a fun, and easy way for students to make some money for their big trip!

TEXTILES – NOVEMBER 2026 –JULY 2027

Every year we partner with a local company for our big textile drive. Over the weeks leading up to July 11th, students can bring bags of clothes to be stored in a shipping container behind the Mill Creek Campus. We will keep track of the bags, and pay towards your mission trip according to the rate that they pay us. This is a huge fundraiser and in the past we have seen students raise more than \$800 from this effort. Don't rely purely on the clothes in your closet! Ask friends and family if they've got that random bag of clothing in their closet or garage. If you're really determined, you can check out local garage sales or estate sales and ask if they've got any clothing they didn't sell to give away.

RENT A STUDENT – ONGOING

Our church loves supporting students on their missions trip. The way we do this is through our Rent-A-Youth program. Very soon we will ask people from within our church what odd jobs they have for you to complete. This often looks like mowing lawns, cleaning garages, washing windows, and even moving people to a new house. This is a great opportunity for a student willing to get their hands dirty!

FUNDRAISING CONT.

MOMCO BABYSITTING - ONGOING

Our Momco connect group is filled with women who are looking for babysitters, if you agree, your name will be added to a list of students who will be asked to babysit for our Momco moms. This is a great way for students to support our momco group, as they support students.

PARENTS NIGHT OUT - DECEMBER 2026/MARCH 2027

A couple times this school year we will be hosting a parents night out. Students will host a fun night of games while parents drop off their kids and have a parents night out. Students will be able to get a gauge in how it is to work with kids while also raising money for their trip!

SQUARE FUNDRAISER/CARD WRITING

One of the biggest ways students raise support for their missions trip is by writing letters to family, friends, and people in their community. This gives students the opportunity to share why they're going, what God is teaching them, and how others can partner with them through prayer and financial support. Writing support letters isn't just about raising money, it's about inviting others to be part of what God is doing through this trip. Every prayer, every gift, and every note of encouragement helps make this mission possible.

This year we will be attaching a square fundraiser for students to invite people to partner with them by choosing just one square to give. We saw a lot of success last year when we used this for camps and are excited for students to have this opportunity for Mexico.
